Opus 3t nr. 2

Aphorism VII Concerning the Interpretation of
Nature and the Kingdom of Man. Francis Bacon.

The produc-tions of the mind and hand seem ve-ry nu-me-

ous in books and ma-nu-fac-tu-res. But all this va-rie-

-ty lies in an ex-qui-site sub-sti-ty and de-ri-va-tions

from a few things al-ready known; not in the num-ber

of ax-i-oms.

Opus 3t nr. 3

Aphorism IX Concerning the Interpretation of
Nature and the Kingdom of Man. Francis Bacon.

1cm ≈ 1.5 sek.

The cause and root of near

-ly all e-vils in the sci-en-ces is this

that while we false-ly ad-mire

and ex-tol the po-wers of the hu-man

mind we neg-lect to seek for

its true helps.
