Moment 1	...	...	...	...	...	...	...	...	...	...	...	15

The given choices make it possible for the performers to adjust form and duration of this music for each concert situation  
The series of *Moment* includes five versions of the same material. Scores and parts for all the versions are available at MIC

1 moment	contains moment 2, then moment 1	freely, then rhythmically towards the end	duration 10 min
2 moment	contains moment 1, 2, 4 and 5	rhythmically w. variation throughout the piece	duration 13,5 min
3 moment	contains moment 1, 2 and 3	rhythmic start, then fading away	duration 15 min
4 moment	contains moment 1, 3, 4 and 5	rhythm. start, slow middle section, building up to a presto at the end	duration 13 min
5 moment	contains all five moments		duration 18 min

The idea is to be in dialogue with the classical tradition of making music in movements, twisting it around, playing with the form  
By putting the movements together in different ways, the music tells different stories

(The titles are in Norwegian, and can be translated into English as “1 moment”, “2 moments” and so on.  
The title “Moment” can be used for all versions in concert programs. If so, please remember to give information to TONO about which number of Moment)
