- if (optional) soundfile is needed for performance,
please contact the composer: terjeviken.org

explanations:

- all instruments should be amplified

- > = transition in sound or musical element

- movement I: to be played with 2 different cups/objects
 to create bass/treble sounds

- movement II: to be played with two sets of small (sleigh) bells
 both on surface of water and inside water basin

- movement III: waterphone solo

- movement IV: wooden bowls placed on surface of water
 to be played with mallets

- (sleigh)bells should be placed inside the water basins
before the performance
